

Posting of Academic Standards Used in the Green Bay Area Public School District, 2023-2024

School Boards are required by section 120.12(13) of the state statutes to notify the parent/guardians of students enrolled in the school district of the student academic standards that will be in effect for the school year prior to the beginning of each school term. This notice may be provided electronically, including by posting the notice or a link to the specific academic standards on the school district's website. Also, the school board must annually include an item on the agenda of the first school board meeting of the school year (the first board meeting after July 1) that clearly identifies the student academic standards adopted by the board under section 118.30(1g)(a)1 of the state statutes that will be in effect for the school year.

For additional information regarding academic standards please contact Dr. Nancy Chartier, Executive Director of Teaching and Learning at nachartier@gbaps.org or call (920) 619-2358 (cell) / 920 448-2036 (office).

Content Area/Subject

GBAPSD's 2023-24 Academic Standards

English Language Arts

(includes reading and writing)

As the foundation for the development of its local curriculum taught in Literacy and English Language Arts courses (includes reading and writing), the Green Bay Area Public School District uses the Wisconsin State Standards for English Language Arts:

- Standards for Reading and Foundational Skills for grades K-5 and 6-12.
- Standards for Reading for grades K-5 and 6-12.
- Standards for Writing for grades K-5 and 6-12.
- Standards for Speaking and Listening for grades K-5 and 6-12.
- Standards for Language for grades K-5 and 6-12.

A complete copy of these standards can be located and reviewed at the following web address:

Wisconsin Standards for ELA

Mathematics

As the foundation for the development of its local curriculum taught in mathematics courses, the Green Bay Area Public School District uses the State Standards for Mathematics as formerly adapted to Wisconsin by the Department of Public Instruction. These standards include:

- Standards for mathematical content at each grade level in grades K-12.
- Standards for mathematical practice for grades K-12.

A complete copy of these standards can be located and reviewed at the following web address:
